Summer dreams

Inspired by the famous Danish painting "HIP HIP HURRAH, 1888" by P.S. Kroyer the picture on this and the opposite page was created. The beautiful apple trees make the perfect atmosphere for our new George teak bench and table, as well as it was the perfect frame in 1888.

Besides the new George bench, we now offer the George table with extension and in a round Ø 160 cm version.

In addition to the new items in teak, the main part of Georgia garden collection is now available in a new beautiful vintage white colour. We have also extended our collection of cushion to include a taupe colour for all items.

The Georgia garden collection is designed to be a part of a beautiful symbiosis with flowers, plants and trees in the garden.

The inspiration has been the old British colonies and the idea of past times. I imagine the ladies who were wearing big hats and beautiful dresses and men in light summer suits, enjoying their afternoon tea and Pimm's No. 1. I imagine them sitting in elegant wicker furniture on a porch in the shade of the trees.

Thinking of summer, I see strawberry cakes, barbecues, home grown tomatoes from my greenhouse, all my pots filled with summer flowers and just time to sit and watch the children play in the garden. This is what I have tried to show in this collection.

The furniture are created by the old drawings of the original wicker furniture found in old books and from old postcards. This development has been exciting, challenging and especially fun.

Georgia garden is made of strong and maintenance-free synthetic fibers woven on aluminium frames. This means that the furniture will stay beautiful year after year.

Enjoy our catalogue and be inspired.

Kind regards
